

A number of fake e-visa websites are operating on the internet, claiming to provide e-Tourist Visa services to visa applicants desiring to travel to India.

In order to mislead applicants, some of these websites have created images and home page templates like the Government of India websites.

List of such websites is available here: [List of fake websites](#)

Please note that the correct Government of India website to apply e-Visas for India is: www.indianvisaonline.gov.in

All aspiring Indian visa applicants are advised to be careful, and not deal with websites that do not belong to the Government of India.
